**FOR IMMEDIATE RELEASE**

**Deltacom Introduces National Mobile Offering**

**Huntsville, Ala., March 3, 2008** – ITC<sup>^</sup>DeltaCom, Inc. (OTC: ITCD.OB), a leading provider of integrated communications services to customers in the southeastern United States, today announced the launch of Simpli-Mobile, a mobile voice and data product targeted at small and medium sized businesses in its southeastern footprint.

Simpli-Mobile offers nationwide mobile access to voice, email, text and internet connectivity. Customers will be able to select cell phones and PDAs from a leading manufacturer and to utilize Deltacom's hosted exchange services to integrate office-based e-mail, calendar, and contacts programs with Deltacom mobile devices without purchasing expensive network hardware or maintaining in-house technology experts.

"Deltacom is committed to delivering the most innovative solutions in the communications market. Simpli-Mobile delivers the convergence of mobile and business application technology that small business owners require in today's fast paced workplace," said Randy Curran, Deltacom's CEO. He added, "Simpli-Mobile is a simple and powerful solution managed by Deltacom so that our customers can focus on doing what they do best – managing and growing their businesses".

Simpli-Mobile will only be available as a bundle with Deltacom's integrated land line voice, data, and equipment solutions. Customers will receive a consolidated bill for all Deltacom services and have a single point of contact for support. Deltacom's customers already have access to a highly customizable solution in Simpli-Business, an offering that combines the Deltacom network, NEC phone systems, Lexmark printers and Lenovo PC's as an "all in" managed solution for the small business owner. Simpli-Mobile further simplifies the communications needs of small businesses by integrating mobile and office-based communication services.

**ABOUT ITC<sup>^</sup>DELTACOM, INC.**

ITC<sup>^</sup>DeltaCom, Inc. ("DeltaCom") headquartered in Huntsville, Alabama, provides, through its operating subsidiaries, integrated telecommunications and technology services to businesses and consumers in the southeastern United States. DeltaCom has a fiber optic network spanning approximately 14,500 route miles, including more than 11,000 route miles of owned fiber, and offers a comprehensive suite of voice and data communications services, including local, long distance, broadband data communications, Internet connectivity, and customer premise equipment to end-user customers. DeltaCom is one of the largest competitive telecommunications providers in its primary eight-state region. DeltaCom is a certified competitive local exchange carrier (CLEC) in Arkansas, Texas, Virginia and all nine AT&T states.
